Kycon Adds Micro HDMI™ Connector

San Jose, CA – Adding to their expansive line of HDMI™ products, Kycon introduces the HDMI™ Type D (Micro) Connector; KMMDMIX Series. Like the HDMI™ Connectors typically used in camcorders, mobile televisions and notebook computers, the HDMI™ Micro Connector provides the same quality high-definition interface in half the size connection of a Type C (Mini) HDMI™ Connector. The smaller footprint and lower profile of the HDMI™ Micro Connector are ideal for applications such as smart phones, handheld digital video playback devices, and digital video recorders.

Key Specifications:

- Smaller than the Mini HDMI™ (Type C), offering significant space savings
- Equivalent mechanical strength and electrical characteristics as standard HDMI™
- 19 position receptacle, surface mount
- Tape and reel packaging, Mylar tape
- Comes standard with dust cover

Part Number:

- KMMDMIX-NS3-WS-BTRT – Micro HDMI, No flange, even SMT shield tabs, with spring, black, w/dust cover, tape and reel with mylar tape, RoHS compliant

Please contact Kycon for pricing.
