Kycon Expands Locking Power Jack Connector Line

Morgan Hill, CA – Kycon adds two new product series to their current locking power jack offerings, giving you more options for your designs.

Now available are right angle panel mount (KLDLX series) and vertical panel mount (KLDPLX series) connectors.

Both versions are locking when used with Kycon plugs (KLDLX-P series). They are available with 2.0mm and 2.5mm pin options.

Some key advantages include:

- Locking ring ensuring a secure connection.
- Panel mount with easy to solder leads.
- Split pin design helping ensure a good connection.
- Built in switch eases implementation of power circuit.
